

Dual 9db Yagi Master Antenna Kit

KIT-DUALYAGI-9DB-MASTER

Dual directional 9db Yagi antenna upgrade kit for use at the Fixed Master location. The kit is configured with two directional 9db antennas and an outdoor-rated power divider to extend the transmit range of the Fixed Master Outdoor Unit (ODU) in either direction away from the Fixed Master location. Kit includes two L-COM 9db Yagi antennas (HG909YE-NF), three NF2NM cable adapters, and one 2-way outdoor power divider (PD-2021). STS-200-ODU (shown above) not included in kit.
